## MISSION STATEMENT

### MISSION STATEMENT

*I-ENG-A® of the Tri-Coastal Area (AL-FL-MS)* is committed to presenting its insurance industry and investigative litigation clients a diverse yet experienced and cost-effective group of professional experts that can provide investigative support and assist in the control of soaring claims settlement costs.

Client service is the product of a day-by-day commitment, by the principals and staff, to excellence.

*I-ENG-A® of the Tri-Coastal Area (AL-FL-MS)* was founded to provide the insurance claims industry, legal and other client representatives with a single source of contact for expertise and information relating to the fair and expeditious processing of loss recovery investigation.

*I-ENG-A® of the Tri-Coastal Area (AL-FL-MS)* also provides loss prevention programs in the form of 'in-depth' engineering assessments of possible hazards.

It is the goal of the company and its associates to provide clear, concise and comprehensive information, findings and conclusions to claims adjusters, attorneys and risk management professionals in a professional, timely and cost-effective manner.

**I-ENG-A® of the Tri-Coastal Area (AL-FL-MS)**

## CORPORATE PROFILE

*I-ENG-A® of Tri-Coastal Area (AL-FL-MS)* by Johnson Peaden Engineering offers comprehensive consulting services to the property and casualty insurance industry including adjusters, risk managers, litigation, government and private clients.

The firm provides multi-disciplinary design and consulting engineering services. *I-ENG-A® of Tri-Coastal Area (AL-FL-MS)* personnel average 25 years of diverse experience, enabling it to respond actively to the changing environments and to the changing needs of our clients. The basic philosophy of the company is to produce quality work, on time and within budget. It is our experience which enables it to integrate this philosophy into each claims assignment.

The success of this approach is confirmed by the firm's rapidly growing list of satisfied clients and a corresponding high occurrence of repeat and referral business.

The majority of the primary engineering staff has been with us for a number of years. This "nucleus" of people has gained considerable expertise in their fields for the benefit of our clients and demonstrates the stability of our firm. A team of our experienced personnel is assembled for each project, headed by one of the firm's managers giving personal and vested interest to the needs of our clients.

Johnson, Peaden Engineering, Inc. was founded January 2001. We provide mechanical engineering design including HVAC, plumbing and fire protection. We have offices in Fort Walton Beach and Panama City to better serve the needs of our clients. We maintain two engineers on staff as well as a designer. We are registered in Florida, Texas, Georgia, Alabama, Arkansas and Mississippi. We maintain memberships in American Society of Heating, Refrigerating and Air-Conditioning Engineers, American Society for Healthcare Engineering, National Council of Examiners for Engineering and Surveying, International Code Council and American Society of Plumbing Engineers.

James W. Johnson, Jr. is one of Johnson, Peaden's owners and one of their lead professional engineers. Mr. Johnson is a LEED Accredited Professional with the US Green Building Council. Mr. Johnson has over 19 years of experience as a mechanical engineer and is registered in eight different states as a professional engineer. Mr. Johnson has extensive experience with all different types of HVAC, Plumbing and Fire Sprinkler design.

Johnson, Peaden Engineering, Inc. has completed designs for new and renovated schools, high- and low- rise apartments and condominiums, shell and tenant spaces, military projects, Corps of Engineer projects, churches, SCIFS, libraries, museums, offices, restaurants, houses, multi-family dwellings, colleges, fire stations and convention centers. Johnson, Peaden has also served as the prime designer for several projects.

## INVESTIGATIVE ENGINEERS ASSOCIATION EXPERTISE

**I-ENG-A® of Tri-Coastal Area (AL-FL-MS)** by Johnson Peaden Engineering has the ability to draw from the diverse resources of the Investigative Engineers Association network of forensic engineering firms. Additional expertise, when needed, is available through **I-ENG-A®**.

AISC Steel Erection	Geotechnical	Regulatory Technician
ANSI	Grading Issues	Replacement Costs
API	Ground Water/Storm Water	Reservoirs
ASME	Hazardous Waste and Nonhazardous Waste	Risk Management/Risk Analysis
ASTM	Health and Safety (CIH)	Road Construction
AWS	Heavy Equipment Failure Analysis	Road Geometrics
AWWA	Gun Design	Roof Systems
Acoustic Emission	High Voltage Transmission and Power Generation (Commercial, Residential and Industrial)	Safety Belt Usage
Analytical Chemistry	Highway and Work Zone Safety	Sanitary
Architectural Design and Design Practices	Household Appliances Fire Investigation	Security
Asbestos	Human Factors (Accident Reconstruction)	Septic Failures
Biochemistry and Bioinstrumentation	HVAC Design	Sick Building Syndrome
Blasting	Hydraulics and Hydrology	Site Design
Bridges and Roadways	HVAC&R Mechanical Systems	Slip and Fall Analysis
Burner Malfunctions	Hydrogeology (Geologist)	Slope Stability
Building and Land Surveying	Indoor Air Quality (CIH)	Soils and Geologic Investigations
CERCLA RI/FS Investigations	Industrial Power Systems	Sprinkler and Fire Suppression System
Building Codes and Contract Administration	Industrial Hygiene (Mold, Fungi, Bacteria)	Sprinkler Discharge
Chemical and Nuclear Waste Issues	Industrial Safety and Operation	SSPC Industrial Painting
Civil Engineering	Landfills	Steel and Wood-framed
Computer Based Analytical Methods	ISO14001	Support Structures
Concrete Failures	Leaks	Storage Process Tank Inspectors
Construction Defects	Levees	Storm Water
Code Interpretation	Lightning Damages/Determination	Structural Engineering
Controls System Engineering and Construction	Liquid Penetrant	Structural Fire Investigation
Corrosion Analysis	Litigation Support	Surveying
Crane Collapse	Low Voltage Distribution Systems	Surveying Disputes
Dams	Machining and Machine Design	Tanks Testing Programs
Construction Practices and Safety Design	Magnetic Particle	Traffic Accident Reconstruction
Dikes	Materials of Construction	Traffic Accidents and Roadway Geometrics
Drainage	Materials Science	Traffic Law
Earth Movement	Mechanical Design/Failure	UST/AST
Eddy-Current	Medical Instrument Design	Utilities and Drainage
Electrical Controls and Failures	Micromachining and Instrument Analysis	Vehicle Fire Investigation
Electrical Fire Cause and Origin	Mining	Vehicular Mechanical Investigations
Electrical Injuries	Moisture Surveys (Roofs, EIFS, Floors)	Vessel and Pipe Rupture
Electrical Utility Power Systems	Mold Investigation	Vibration
Environmental	Mold Remediation Planning	Visibility Concepts
Environmental Management and Remediation	NCE	Visual Testing
Failure Analysis (Mechanical/Civil)	Oil and Gas	Waste Water
FDM-Confined Space Entry and Rescue	Paving	Water Management
Fire and Arson Investigation	Pipelines	Water Quality
Flooding/Flood Control	Post Office- Multiple Design	Welded Fittings
Fluid Handling Systems	OHSA, ADA, Building Code Evaluations	Wind Storm Damage
Footings	Product Failure/Liability	Wind, Floor and Fire Damage Assessments
Foundation Failure	Project Management	Wood Trusses
Structural Analysis	Radiographic	Zoning and Planning
Foundation Walls	Railroads	
Freeze-Ups	RCRA Hazardous Waste	
Gas Explosions	Recreation Centers	
Geosynthesis	Refrigeration Systems Design	

## APPROACH & PROCESS

*I-ENG-A® of Tri-Coastal Area (AL-FL-MS)* has a strong tradition of expanding our capabilities to better serve our clients. Our evolution has allowed us to grow from a structural based consulting firm to a multi-disciplined organization. Our wide range of experience, depth of expertise, extensive in-house library and latest software equip our staff to quickly and accurately produce the results our clients demand.

Our investigative services extend to clients in all areas of insurance, loss, and loss mitigation. Typically, an assignment begins with a phone call, letter, fax or email from a potential client. During the initial client interview process, we request certain specific information relating to the case. Items such as the following may be discussed:

- Type of loss
- Date of loss
- Name and address of Insured
- Name and address of Claimant, if different
- Policy number
- Claim Number
- Name and telephone number of contact person at Adjuster's Office
- Estimated value of claim
- General outline of policy coverage

**I-ENG-A of Tri-Coastal Area (AL-FL-MS) has established an exceptional reputation for outstanding service by providing our clients with dedicated and skilled personnel committed to their work.**

Additionally, we solicit other general information that may be available:

- Any records and documents already obtained or available
- Any pertinent information in Adjuster's file
- Circumstances of this loss

If no records or documentation are available from a client or adjuster, we may choose to prepare additional requests for data, directly to the parties involved, their representatives, or any associated insurance providers always copying our client on the communications. Depending on the circumstances, we may also contact the parties involved to arrange an appointment and begin the forensic investigation at the location of damage, loss, or accident. If the client has obtained records and documents, we will request that they be forwarded to us.

After examination, we will consult with the client to agree on the plan for the investigation.

**I-ENG-A® of the Tri-Coastal Area (AL-FL-MS)**

## OUR POLICY IN CASE HANDLING

1. ***I-ENG-A® of Tri-Coastal Area (AL-FL-MS)*** will hold an initial discussion with you (the client) at no charge to validate the need for a case assignment.
2. When you offer the assignment, and we accept the assignment, we mutually agree on the initial phase(s) of the investigation, acceptable hours/charges (or not to exceed).
3. As we complete each phase of the assignment, we will provide you an oral report. You provide us with one of the following directions:
  - a. You decide no further analysis is required, and authorize our final billing.
  - b. You decide the analysis is complete, direct us to submit a written report, and authorize our final billing with submission of the report.
  - c. You decide to continue with the next phase of the assignment.
4. If you decide to continue the assignment, you may expect the following:
  - a. You have authorized us to proceed; we will formally acknowledge the assignment, and submit a final bill for the analysis.
  - b. With the bill, we will submit additional time/charge estimate for completing the next phase of the assignment and an amount of the deposit required to begin the phase.
  - c. During the assignment, we will provide you verbal progress reports at least every two weeks, and submit monthly progress billing.
  - d. When we complete the assignment, we will provide a complete verbal report, which we will formalize in writing only upon your authorization to do so.
  - e. We will submit a written report (if you have authorized one) and a final billing.
5. We will provide you with timeliness and the services of qualified experts through our direct staff, our substantial resources and those of the Investigative Engineer's Association. We will handle our assignments in a cost effective manner leaving you in control at all times.

## **ABRIDGED RESUMES OF I-ENG-A ADVISORY BOARD**

### **LEWIS W. ERNEST, PE, ADVISOR**

Lewis W. Ernest is a licensed civil engineer in six states and has over thirty (30) years of engineering and business management experience. During his career, Mr. Ernest has assumed various engineering and management positions which have provided a wide range of engineering experiences and challenges.

In the most recent years of his career, his engineering efforts have focused on the investigative/forensic arena where he has served as Vice President and Director of Operations for two consulting engineering firms. Mr. Ernest has used his Business Management (MBA) and engineering education as well as his involvement with I-ENG-A in the development and management of three successful Investigative Engineering Business Units. Mr. Ernest and his business units have been involved with over 3000 multi-disciplined case assignments for the insurance industry, the legal community and the private sector.

### **PETER VALLAS, SENIOR FIRE INVESTIGATION ADVISOR**

Peter Vallas, Sr., is President of Peter Vallas and Associates, Inc., an independent multi-discipline consulting engineering firm with offices in England, New Jersey, Pennsylvania, New York, and Florida. The firm has its own testing laboratories, and specializes in investigative engineering world-wide. Mr. Vallas has been a guest speaker all over the United States as well as in Europe, Asia, the Bahamas, and the Caribbean. He is a licensed fire science teacher in the states of Florida and New Jersey.

### **ELVIN AYCOCK, PE, PH, PLS, REM, ACTAR, TRAFFIC ACCIDENT RECONSTRUCTION**

Elvin Aycock is a Professional Engineer, Professional Hydrologist, Professional Land Surveyor, Registered Environmental Manager and certified by the Accreditation Commission for Traffic Accident Reconstruction. He specializes in traffic accident reconstruction, hydroplaning accident cases, storm drainage flooding damage and land surveying claims. He has more than 30 years of experience as an investigative and forensic engineer. Elvin assists member firms with traffic crash investigations, and provides support for vehicular black box downloads and investigations for the association member firms.

### **EDGAR K. RIDDICK III, PE, ADVISOR**

Edgar K. Riddick has over 28 years experience in studies, design, construction, and compliance, and all types of HVAC installations. In addition, he has had experience in mechanical design and equipment selection such as large chillers, boilers, pumps, and heat exchangers. He currently serves as President of Riddick Engineering Corporation and is working in Arkansas, Mississippi & Tennessee as an I-ENG-A member.

Mr. Riddick also has experience in overseeing Electrical, Foundation, Structural and Architectural drawings and specifications for construction. Mr. Riddick's unique experience in overseeing multiple engineering disciplines, over 20 years in the designing of buildings and working closely with both the Architect and the client, has allowed a broad understanding of buildings, and the codes and building practices of contractors. This exposure is very beneficial with insurance subrogation claims against both designers and contractors.

Forensic Engineering: Participated in over 1000 forensic investigations. Experienced in courtroom testimony, depositions, accident reconstruction, product research and evaluation, water loss, fire cause origin, electrical fires, mold cause and origin and structural evaluations, code compliance, ADA building issues, including slip-&-fall. The investigations are done using the scientific method and are intended to find the true cause of the issue.

- Liability Claims
- Subrogation Claims
- Product Defense
- Auto/Truck/RV/Boat Losses of Fire and/or Mechanical Issues
- Property Losses both Commercial and Residential

## CORPORATE TRADITIONAL AND INVESTIGATIVE EXPERIENCE

The overall services of Johnson Peaden Engineering have been utilized in various applications and have allowed us to be of service to a wide variety of clients with an equally wide range of project types. The development of effective design and engineering solutions to this diversified group of project types provides a comprehensive inventory of design experience. We use this vast inventory of design experience to investigate and provide innovative solutions to difficult and challenging projects and circumstance. The following is a partial list of completed projects.

### Office Buildings:

DEA Office Building in Tallahassee, Florida  
INS Facility in Pearl, Mississippi  
Cherry, Givens Call Center, Dothan, Alabama  
AEC Powersouth, Andalusia, Alabama  
Mitre, Fort Walton Beach, Florida  
Children in Crisis, Fort Walton Beach, Florida

### Churches:

Crossroads Baptist Church, Hartwell, Georgia  
Port St. Joe Methodist Church, Port St. Joe, Florida  
Calvary Chapel, Fort Walton Beach, Florida  
Later Day Saints, Mexico Beach, Florida  
Milton Baptist Church, Milton, Florida  
First Baptist Church Life Center, Fort Walton Beach, Florida  
St. Matthews, Marianna, Florida  
Trinity United Methodist Church, Phenix City, Alabama  
St. Mary Baptist Church, Jacob City, Florida  
Seagrove Baptist Church, Seagrove, Florida  
New Life Baptist Church, Crestview, Florida

### Resorts:

Lake Point Resort, Eufaula, Alabama  
Ovation Bay Club, Cape San Blas, Florida  
Ovation Beach Club, Cape San Blas, Florida  
Adagio Condominium, South Walton County, Florida

### Museums/Libraries:

Indian Temple Mound Museum, Fort Walton Beach, Florida  
Evergreen Library, Evergreen, Alabama  
156 Art Gallery, Dothan, Alabama  
Panama City Beach Library, Panama City Beach, Florida

### Hospitals/Nursing Homes/Doctor Offices:

Wiregrass Nursing Home, Geneva, Alabama  
Floral Hospital CT Scanner, Floral, Alabama  
Bay Medical Center, Panama City, Florida  
Panama City Urology, Panama City, Florida

### Banks:

Regions Bank, Gulfport, Mississippi  
Regions Bank, Mobile, Alabama  
Regions Bank, Fort Walton Beach, Florida  
Midsouth Bank, Panama City, Florida  
Bay Bank, Lynn Haven, Florida  
Costal Community Bank, Tallahassee, Florida  
United Bank of Summerdale, Summerdale, Alabama  
Bank Trust, Defuniak Springs, Florida

### Schools:

Fort Walton Beach High School, Fort Walton Beach, Florida  
Bay Haven Gymnasium, Lynn Haven, Florida  
Cherokee Elementary School, Eglin A.F.B.  
Mary Esther Elementary School, Mary Esther, Florida  
Destin Elementary School, Destin, Florida

### Crestview High School, Crestview, Florida

Okaloosa-Walton College, Niceville, Florida  
Thomasville Alternative School, Thomasville, Alabama  
Jefferson Davis Community College, Atmore, Alabama  
Chipola Jr College, Marianna, Florida

### Restaurants:

Cabana Cafe, Destin, Florida  
Shrimpboat Restaurant, Panama City, Florida  
Latina Brothers Cafe, Dothan, Alabama  
Lee's Chicken, Corporate Designs  
Conch Flyer Lounge, Key West, Florida  
Bootleg BBQ, Panama City Beach, Florida  
T.R. Froggs, Blue Water Bay, Florida  
Hanna Japan, Panama City Beach, Florida

### Storage Buildings:

Hanger One, Key West, Florida  
Freedom Storage, Fort Walton Beach, Florida  
Mid-Bay Marina, Destin, Florida

### Specialty Buildings:

F22 Hanger, Tyndall, A.F.B.  
Children's Advocacy Center, Panama City, Florida

### Auditoriums/Theaters:

Davis Theaters, Dothan, Alabama  
Walton County Ag Center, Walton County, Florida

### Light Industrial:

News Herald, Panama City, Florida  
Panama City Port Authority, Panama City, Florida

### Condominiums:

The Mayan Condominium, Panama City Beach, Florida  
Treasure Island Condominium, Panama City Beach, Florida  
Waterside Village Condominium, Mexico Beach, Florida  
Marina di Massa, Panama City Beach, Florida  
Villa Di Mar, Fort Walton Beach, Florida  
Emerald Beach Resort, Panama City Beach, Florida

### Retail Buildings:

Pier Park, Panama City Beach, Florida  
Marco Destin Retail Stores, Pensacola, Florida  
HQ Aveda, Tampa, Florida  
Euphoria Aveda, Miami, Florida  
Trevanna Aveda, Miami, Florida

### Apartments:

Golf Link Apartments, Fort Walton Beach, Florida  
Tyndall Apartments, Panama City, Florida  
Waterstone at Jenks, Panama City, Florida  
Gregg Chapel Apartments, Fort Walton Beach, FL

## NATIONAL CLIENTS LIST

The Investigative Engineers Association (I-ENG-A®) network has worked with most major insurance companies since its inception in 1991. Following is a list of many of the companies who have used our services. If you require further information, please email your request to [info@ienga.net](mailto:info@ienga.net).

# CERTIFICATE OF INSURANCE

## CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)  
3/22/2016

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

**IMPORTANT:** If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).
